

# Do Something

## THE PUZZLE PAGE

Put your memory, maths skills and word knowledge to the test with these challenges. How fast can you finish them?

### 1 Radar

The numbers in some cells in the grid indicate the exact number of black cells that should border them. Shade the unnumbered cells black until all the numbers are surrounded by the correct number of black cells. Do not shade any numbered cells!

**TIP**

Doing different kinds of puzzles on a regular basis helps to keep your neurons active

### 2 Four Square

The value of each shape is the number of sides it has multiplied by the number within it. Thus a square with a 4 has a value of 16. Find a block of four squares (two squares wide by two squares high) with a total value of exactly 50

### 5 Revolutions

Each colour represents a direction (up, down, left or right) and the number of dots on each die tell you how far to go. Starting in the middle die of the maze, follow the directions correctly and you will visit every die in turn once only. Which die is the last you visit on your trip?
